Information — Inligting

The 2005 index of the Onderstepoort Journal of Veterinary Research is reproduced here in order to introduce and expose members of the South African Veterinary Association as well as other subscribers to this source of valuable and contemporary information.

Onderstepoort Journal of Veterinary Research

VOLUME 72: NUMBERS 1–4, 2005

Contents

Number 1: March 2005

Effects of differences in virulence of different serovars of Haemophilus paragallinarum on perceived vaccine efficacy — R.R. Bragg 1–6

Toxicity, pathophysiology and pathology in sheep following dosing of the nephotropic plant Nolletia gariepinia (DC) Mattf. — R.A. Meintjes, C.J. Botha & L. Prozesky 39–53

The systematic position of some Ethiopian Nepistomynoideae (Nematoda, Trichostrongylina, Heligmosomoidae) from the National Collection of Animal Helminths, Onderstepoort, South Africa — M-C. Durette-Desset & M-C. Digiarni 55–65

The performance of Orma Boran and Maasai Zebu crossbreeds in a trypanosomosis endemic area of Ngoruman, south-western Kenya — M.W. Maichomo, J.M. Ndungu, P.M. Ngare & I.M. Ole-Mapenay 87–93

Importation of canid rabies in a horse relocated from Zimbabwe to South Africa — C.T. Sabeta & J.L. Randles 95–100

Number 2: June 2005

A preliminary study to evaluate the immune responses induced by immunization of dogs with inactivated Ehrlichia canis organisms — S. Mahan, P.J. Kelly & S.M. Mahan 119–128

A canine model of normovolaemic acute anaemia — T.C. Spotswood, R.M. Kibberger, L.M. P.K. Reayers & L. Van der Merwe 135–143

The detection of lumpy skin disease virus in samples of experimentally infected cattle using different diagnostic techniques — E.S.M. Tuppurainen, E.H. Venter & J.A.W. Coetzer 153–164

Distribution, habitats and role as intermediate host of the freshwater snail, Bulinus forskalli, in South Africa — K.N. De Kok & C.T. Wolmarans 165–174

A lectin histochemical study of the thoracic respiratory air sacs of the fowl — A.J. Bezaudenhout 175–180

Pesticide residues in adipose tissue from hippopotami (Hippopotamus amphibius L.) living in and adjacent to the Luangwa River in Zambia — A. Flaoyen, A. Polder, M. Mwase, B. Almu & M.M. Musonda 181–183

Number 3: September 2005

Aspects of the ecology of the Asian tapeworm, Bothrocephalus aequinocatheti Yamaguti, 1934 in yellowfish in the Vaal Dam in South Africa — A. Bertasso & A. Avenant-Oléwéage 207–217

A study of the pathology and pathogenesis of the myocardial lesions in gousiekte, a plant-induced cardiotoxicosis of ruminants — L. PROZESKY, S.S. BASTIANELLO, N. FOURIE & R.A. SCHULTZ

Seroprevalence of Toxoplasma gondii infection in domestic pigs reared under different management systems in Zimbabwe — T. HOVE, P. LIND & S. MUKARATIRWA

Some observations on ticks (Acari: Ixodidae) infesting sheep in River Nile Province of Northern Sudan — M. AHMED, A.M. EL HUSSEIN & A.O. EL KHIDER

A survey of tick control methods used by resource-poor farmers in the Qwa-Qwa area of the eastern Free State Province, South Africa — M. HLATSHWAYO & P.A. MBATI

Immunization of young chicks using graded dose of wild strain of Eimeria tenella — E.N. KIMBITA, P.M. SAMANI, E.N. MACHANGE & R.S. SILAYO

Small mammals as hosts of immature ixodid ticks — I.G. HORAK, L.J. FOURIE & L.E.O. BRAACK

Number 4: December 2005

Seroprevalence of Toxoplasma gondii infection in goats and sheep in Zimbabwe — T. HOVE, P. LIND & S. MUKARATIRWA

Electrocardiographic surrogates of structural myocardial alterations in the Dorper sheep heart — J. KER & E.C. WEBB

Association of trypanosomosis risk with dairy cattle production in western Kenya — G.L. MUGUNIERI & G.O. MATETE

Elephant shrews as hosts of immature ixodid ticks — L.J. FOURIE, I.G. HORAK & P.F. WOODALL

Parasites of domestic and wild animals in South Africa. XLVI. Oestrid fly larvae of sheep, goats, springbok and black wildebeest in the Eastern Cape Province — I.G. HORAK

A macro- and light microscopical study of the pathology of Calicophoron microbothrium infection in experimentally infected cattle — M. MAVENYENGWA, S. MUKARATIRWA, M. OBWOLO & J. MONRAD

The susceptibility of Trypanosoma congolense isolated in Zambezia Province, Mozambique, to isometamidium chloride, diminazene aceturate and homidium chloride — S. JAMAL, I. SIGAUQUE, C. MÁQUAMULE, L. NEVES, B.L. PENZHORN, T. MARCOTTY & P. VAN DEN BOSSCHE

Ticks on crested francolins, Francolinus sephaena, and on the vegetation on a farm in Limpopo Province, South Africa — A.C. UYS & I.G. HORAK
